

MURA

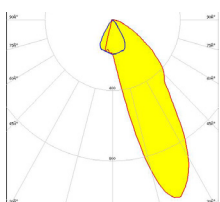

Linear 230 V track-mounted lamp with “wall washer” optics, designed to enhance walls and vertical elements with uniform light distribution. It integrates full-spectrum solar LEDs, ensuring exceptional color rendering ($CRI \geq 95$) and natural hues similar to daylight; the full spectrum also promotes well-being and the growth of indoor plants. The fixture allows 320° rotation on its axis and a $+30^\circ$ tilt. Its compact, lightweight aluminum body ensures optimal heat dissipation.

Available in different color temperatures, with an integrated driver for direct 230 V connection, it is the ideal choice for showrooms, galleries, retail spaces, and premium residential environments.

Fully customizable to meet your needs.

LED output	System output	Luminous efficacy	CCT	CRI
2344lm 17W	1875lm 19W	99 lm/W	3000 K	> 95

BEAM ANGLE

Wall washer

INSTALLATION

Track

CONTROL

DALI2

WEIGHT

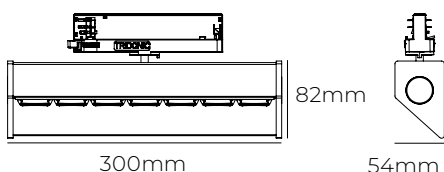

0,8 kg

POWER SUPPLY

Integrated driver
Mains voltage: 220/240 V - 50/60 Hz

LIFETIME

50.000h L80 B10 ($T=25^\circ$)

FLICKER-FREE SAFETY

Value limit to avoid TLA
(Temporary Lighting Artefacts):
Output $PstLM \leq 1$ - Output $SVM \leq 0.4$

CERTIFICATION
CE. EN60598-1 AND RELATED NOTES

Lámpara lineal de carril de 230 V con óptica "wall washer", diseñada para realzar paredes y elementos verticales con una distribución uniforme de la luz.

Integra LEDs de espectro solar completo, que garantizan una reproducción cromática excepcional (CRI ≥ 95) y tonos naturales similares a la luz del día; el espectro completo también favorece el bienestar y el crecimiento de las plantas de interior.

El dispositivo permite una rotación de 320° sobre su eje y una inclinación de +30°. Su cuerpo de aluminio compacto y ligero asegura una óptima disipación del calor.

Disponible en diferentes temperaturas de color, con driver integrado para conexión directa a 230 V, es la opción ideal para showrooms, galerías, espacios comerciales y entornos residenciales de alta gama.
